Quality Policy Manual Description

Trends Pools & Landscape has developed and implemented a quality management system to better satisfy the needs of its customers and to improve management of the company. The quality system complies with the international standards. It covers the Purchasing, Design, and tendering & contract functions in the Head Office and, the Production and Quality Control function at all the major sites.

This Policy describes the quality management system as adopted by Trends Pools & Landscape (LLC) and applies to all activities which contribute to the quality of construction and services of the Trends Pools & Landscape (LLC) The Policy is divided into various sections corresponding to the quality system requirements for Design, Purchasing, Construction & Commissioning and Quality Control Departments.

The purpose of the Policy is:-

- To define and describe the quality system,
- To define the authorities and responsibilities of the management personnel affected by the system,
- To provide general procedures for all activities comprising the quality system,
- To present our quality system to our clients and to inform them what specific controls are implemented to assure construction quality

Lawn Fertilization

Just like any plant, your lawn needs to be well-maintained to reach its healthy full potential. Watering, mowing (at correct height), and a fertilizer program are important routines to keep your turf in great shape. Check out Trend Pools and Landscape premium five step fertilizer Plan as follow

Trends Pools & Landscape offers a five step fertilization and weed control program tailored to suit your lawn's needs.

- **Spring Fertilizer:** Crabgrass control and granular fertilizer to stimulate quick and sustained early season growth.

تريندس لتجميل الساحات والأحواض ش.ذ.م.م. TRENDS POOLS & LANDSCAPE L.L.C.

- **Early Summer Fertilizer:** Granular fertilizer to develop a thick and lush green lawn to inhibit weed growth
- **Summer Fertilizer:** Granular fertilizer with balanced blend to maintain turf vigor through the hot summer months
- **Early Fall Fertilizer:** Granular fertilizer to promote root growth and build up carbohydrates for the upcoming winter
- **Winterize Fertilizer:** Granular fertilizer that builds carbohydrates for winter survival and a quick spring recovery.

Weed Control: Each fertilizer application includes weed control applied to fit the needs of your lawn. We have families just like you do. That's why we use pesticides only when trained professionals see the need

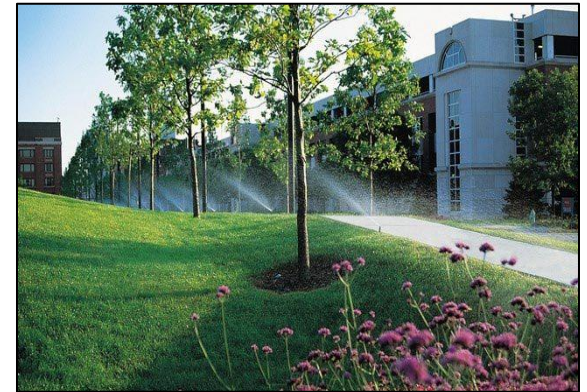

[Irrigation, Repair & Seasonal Services](#)

Trends Pools & Landscape irrigation specialists provide:

- Underground Sprinkler System design and installation
- Seasonal start-ups and shut-downs
- Trouble-shooting and problem diagnostics
- Water management for resource control

Whether your need is **Design and Installation, Repair, or Seasonal Service**, **Trends Pools & Landscape** irrigation experts will provide you with a properly designed, expertly serviced irrigation sprinkler system. Our service technicians are dispatched daily with the tools and parts necessary to facilitate on-site repairs. Combining our mobile service techs with **Trends Pools & Landscape office** yields virtual just-in-time response to your irrigation service needs.

Water Management program includes smart controllers that know when it's raining, humid or if your lawn is wet enough. An irrigation sprinkler system properly designed and installed by our irrigation sprinkler system experts can eliminate over watering while specifically addressing the different watering requirements of your home's landscape.

تريندس لتجميل الساحات والأحواض ش.ذ.م.م. TRENDS POOLS & LANDSCAPE L.L.C.

Mosquito / Insects Control

Summer is a great time of the year, and in United Arab Emirates, you want to take advantage of the beautiful outdoor weather month's as much as possible. Don't be distracted by

- All those creepy, annoying mosquitoes, flies, and gnats...
- All the swatting and smacking and slapping...
- All the DEET lotions and pump sprays...
- All the foggers, yard bombs, and scented candles...
- And all the times you finally gave up and headed back inside the house...

Fortunately there is a solution a professional treatment program by [Trends Pools & Landscape](#) Landscape and Irrigation

How It Works A professional applicator will visit your property to spray low volume pesticides to your grass, shrubs, and a perimeter around your house. Applications can be done as a one-time special event or on a program every 3-4 weeks through the season. These are a few ways mosquito/insects control works:

Flushing action – Disturbs insects so that they move out of their hiding places.

- **Fast knockdown and kill**
- **Repellent**– Pesticides is a repellent to insects at very low concentrations.
- **Biodegradable, non-polluting**– Degraded by sunlight into harmless break down products. **Minimal insect resistance**
- **Broad spectrum of activity**– effective against a wide range of insects including mosquitos, gnats, fleas, aphids, ticks, etc.

Tree, Plants and Garden Lawn Special care

Here are some common tree and lawn treatment services that [Trends Pools & Landscape](#) offers. If you are unsure about condition of your tree or lawn, curbside will give you a free diagnosis and estimate for its care. If the case is severe, [Trends Pools & Landscape](#) also offers trimming, removal, and replacement services for trees as well as seeding and sod options for your lawn.

Construction of Swimming Pools / Spa & Maintenance Services

Building Swimming Pools/Spa is an Art of Engineering to built them last is And that's what we do & ultimate Satisfaction while creating the values . Our goals are to offer a Quality – Speed – Client Ultimate Satisfaction rock-solid warranty package – clients deserve a piece of mind.

Many years have been invested into this target; rigorously testing and implementing various proprietary products, techniques, methods of application and carefully handpicking specialty suppliers in or related to the pool industry.

Swimming Pool& Spas Ultimate Entertainment

A swimming Pool is the ultimate Leisure machine. For the home owners a pool isn't just a mere Possession, its shows the pride, joy of life, long term Investment, continuous source of ultimate entertainment for family & friends. Pools & Spa are the similar water based leisure structure activities that are proven ultimate implementation for people to relax and exercise. Pools are also the valuable addition to home Architecture and Planning,as well as being a safe and profitable investment, with so many benefits a pool is Guaranteed to change the way you look at value added relaxation and entertainment .

Welcome to the World of Trends Pools and Landscape (LLC) the Pools Experts with the over 7 years of reliable services on its credit. We offer the all kind of standard and customized swimming pools and Spas. We offer you a beautiful pool /Spas using both superb artistic craftsmanship and long lasting Equipment, backed by the quality expertise and with the budgeted price of client.

تريندس لتجميل الساحات والأحواض ش.ذ.م.م. TRENDS POOLS & LANDSCAPE L.L.C.

Installing the Swimming Pools/ Spas is specialized task requiring the artistic skills and technical expertise in a number of different areas.

An affordable Solution to home entertainment .unlike a vacation, you can enjoy the pleasures of pool all the year. Thanks to the continuous improvements in design and construction pools are now within the reach of almost everyone budget.

[A Spa is a healthy and natural way to relax and add more value in your quality of life.](#)

Life is so busy in that there is no time to relax , then the ultimate relaxing machine Spa at home relax you slowly sliding down in the warm, swirling water of Spa after the hectic and stressful day of your working life.

Reaching in the Spa activate the jets its disappear your pain, stress & hassle free your good self. Tired muscles begin to refresh & pretty soon as they never get tired before .it's very special for children because they very delight in them and delighting the parents while getting the natural benefit from natural massaging waters . if you have not sufficient space of swimming pool why you not consider about the " Spa the Ultimate Entertainment "? if you have already have a Swimming pool then think about why not to install the Natural Massaging & addition of Spa to make your swimming pool more Enjoyable while adding the more value of pleasure in it.

Construction of Spa is the same likely to swimming pool materials, construction Methods (Shotcrete), the structure of Spa is both strong & heat insulating. All our Swimming Pools and Spa complete with heating, filtration systems making the swimming pools and Spas a complete In-house entertainment and pleasure at its Best.

[Construction Methods of Swimming Pools and Spas](#)

Many traditional construction methods are currently in practice all over the world and many other alternatives of swimming pools and Spas construction for instance fiber Glass (Ready Made swimming Pools) etc. **Trends Pools &Landscape (L.L.C)**use the best product deliverable and long term sustainability of the Structure while no compromise on the Quality.

[Shotcrete \(The Ultimate Quality , long term Sustainability of the Structure \)](#)

In 1910 a double chambered cement gun based on a design developed by Carl Akeley was introduced in the construction industry. This device name Gunite, in 1930, generic term Shotcrete introduced by the American railway engineering Association to describe the Gunite process. In 1951, the American concrete institute (ACI) adopted the term Shotcrete to describe the dry-mix process and has gained universal acceptance. In 1950 the introduction of Dry-Mix guns, which applied mixtures containing coarse aggregate, pre-mixed with cement at the high velocities on the receiving structure. This innovation enhanced the effectiveness of process and flexibility.

تريندس لتجميل الساحات والأحواض ش.ذ.م.م. TRENDS POOLS & LANDSCAPE L.L.C.

We, Trends Pools & Landscape (L.L.C) use the Dry –Mix process,

There is no practical difference between the dry and wet mix process except the method of application. Following describes the dry-mix application process,

- Cement and Aggregate are uniformly mixed
- Cement –aggregate mixture is fed into a special Mechanical feeder called delivery equipment.
- Cement –aggregate is carried by the compressed air through the delivery hose to a nozzle body .The nozzle is fitted with a water ring through Hydration (Water) takes place under high pressure and immediately mixed with other ingredients.
- The mixed Material is jetted from nozzle a high velocity onto the surface to be shotcreted.

We, Trends Pools & Landscape (L.L.C) guarantee you, a strong, Sound, Water Tight Structure and environment friendly structure.

Why Shotcrete is Reliable than Others If Fiberglass is so string then why we don't build the homes , Bridges out of it ?

Reality of Concrete Pools and fiberglass Pools.....

If you are going to research building a pool, most probably chances are to praise the fiberglass because websites pages, articles, less cost, time etc. and discourage the concrete pools .so how you know about that which one better for you in reality while securing your investment long lastly.

Its depends upon the what you looking for .some people prefer fiberglass because they have no concern about the pool design , water features, pools bars are the few options in the name and most due to less in cost .

On the other hand who choose the concrete because its long lasting, strong, durability and as per your desired features.

As we are in industry from last one decade, we concluded that Concrete Pools and Spas are the best.

Take a glance around you mostly you find the concrete the pools and Spas. Fiber glass is 3% of the industry.

The following reality brings you that, most what you read is skewed- false statements –half truths.

تريندس لتجميل الساحات والأحواض ش.ذ.م.م. TRENDS POOLS & LANDSCAPE L.L.C.

- **The myth - Shotcrete has 1 ~ 5 years warranty life.**
- ✓ **The Truth - We offer 10 year warranty of Pools and Spa Structure**
- **The myth - Construction time period of concrete pools v/s fiber glass Pools takes 10 ~ 15 Days installation.**
- ✓ **The Truth - Most Concrete Pools take no longer 6 Weeks to complete Masterpieces can't construct in a days. A lot of effort , skills Manpower , Planning , execution required to built a Masterpiece while comparing the machine made fiberglass shell**
- **The myth - concrete Pools will take 4 ~ 5 Hours to maintain.**
- ✓ **The Truth -Automated option available , you spend less time to maintain your pool than you do with lawn (2 ~ 3 Hours each week subject to the size of pool)**
- **The myth - Fiberglass is 17 Times Stronger than Concrete.**
- ✓ **The Truth -Fiber Glass is 17 times is flexible than concrete so do you want a flexible Pool? If fiberglass is strong then why we don't build the homes and commercial building out of it? You didn't saw any home, building or community pools made out of fiber glass.**
- **The myth - Fiberglass pools sellers tells that concrete pools rough surface will skin your hands , feet , knees and swimwear**
- ✓ **The Truth – they never tell that concrete pools surface is also finished with Mosaic Glass, Ceramic tiles that they are same as the fiberglass Pools**
- **The myth –when you choose the concrete pools you have only entry/exit option is ladder while in fiberglass pools you get the slip –resistant stairs and floor surfaces**
- ✓ **The Truth –you have more entry / exit options within a concrete pool including the walk-in steps , swim outs , low level wading areas and slip-resistant ladders and stair steps .**

Don't make a several thousand mistake!!! Make and Get the Right for you!!!

With the numerous pools being maintained by us in all over the United Arab Emirates (UAE)

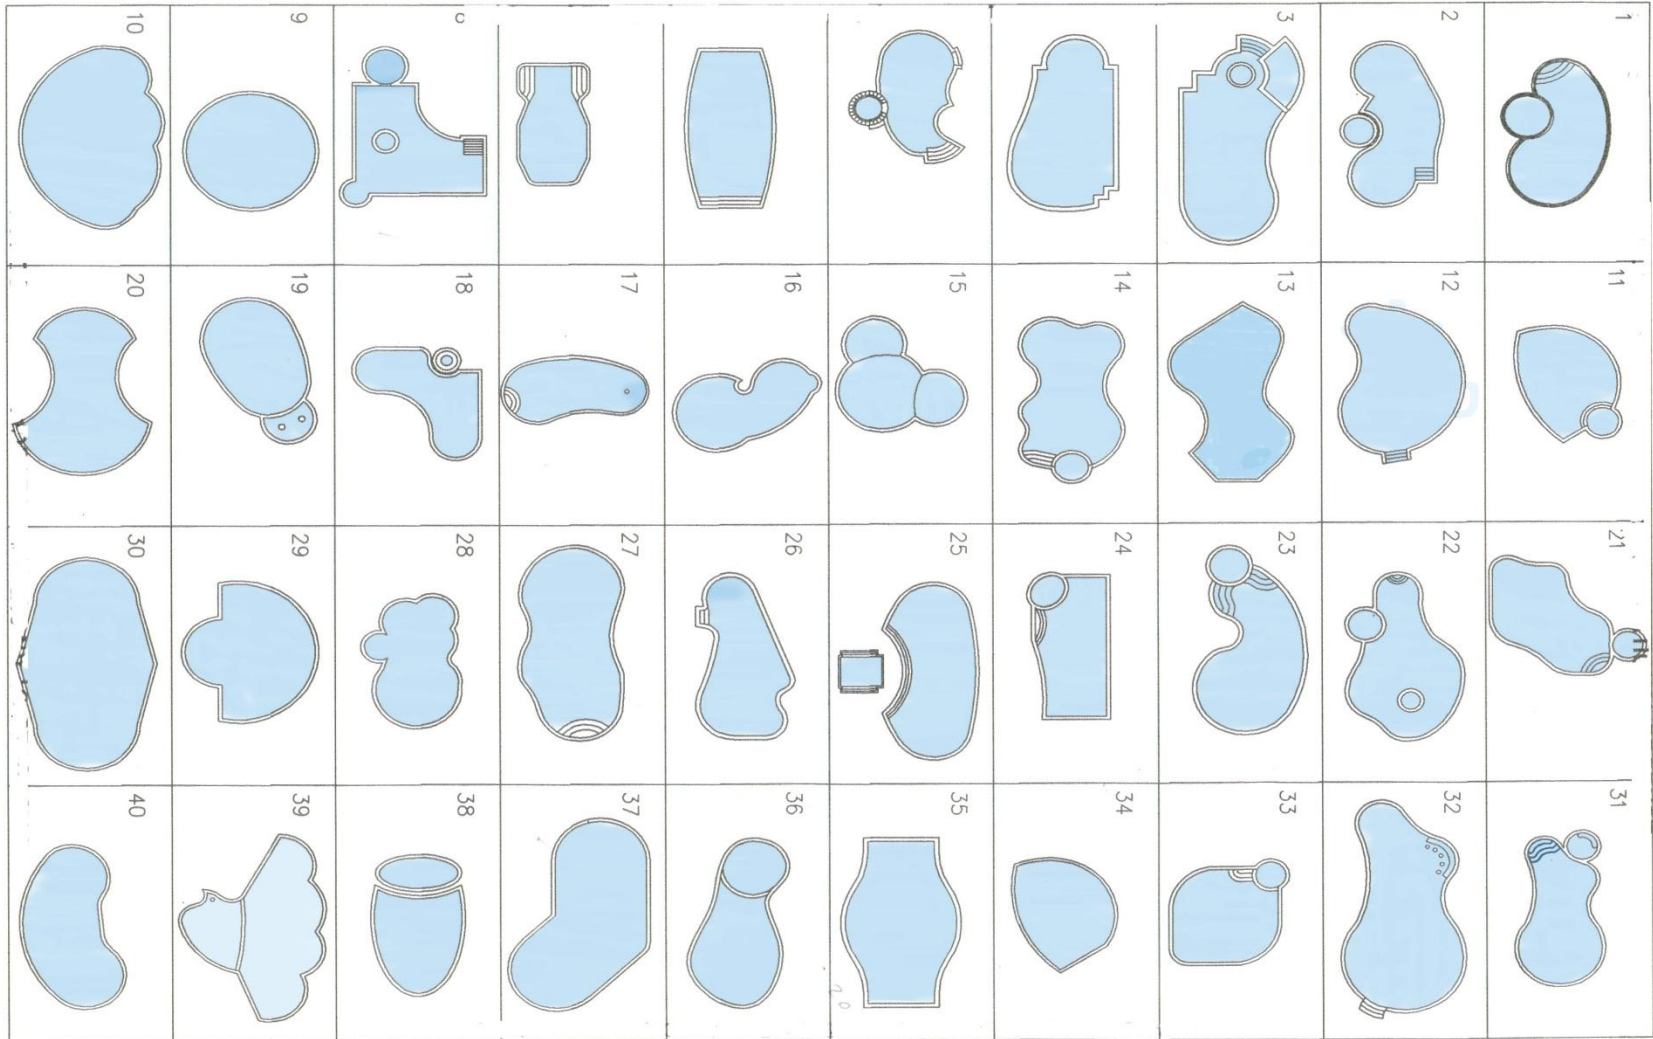

In a nutshell we send our pool technician to your building twice a week .He cleans and vacuums the pools interiors, adjust the chemical in pools, clean out the debris from the pump and skimmer baskets and adjust, maintain the filter pressure according to filter type (sand, cartridge etc.)

Except from two days scheduled days, we would be more than please to give you our services with extra care to make your pools, Spas in a perfect condition.
